*Pure religion and undefiled before God and the Father is this, to visit the Fatherless and widows in their affliction, and to keep himself unspotted from the world. James 1:27*

*John, Evelyn & Elya  
Shane Invite You To Join  
Them On a Trip To Russia,  
Ukraine or Sri Lanka.*

To the left and right are photos of kids waiting for us to tell them about the Lord and give them the real Christmas story. The results are below when you are received in love. Orphans are so eager for someone to reach out to them. We do what we can!

Our winter trips are usually very cold but on this one we were blessed with some great weather. It was below freezing the whole time we were there and snowed occasionally but we did not have the sub-zero weather we were accustomed to. We had four hearty souls travel with us and we were able to visit several orphanages, churches, drug rehabilitation centers, a children's prison and so much more.

We were able to lead many to the Lord and at the churches the altars were full of repentant sinners. Over the years we have watched a mighty move of God as we continue to reach out to the orphanages and widows.

One of the heartaches that I encountered was when our worker Igor asked me if he could buy a small Christmas present for the orphans he works with. He said he could make a small packet for each child for \$1. My first reaction was to say yes and then I realized that in the Ekaterinberg region where we work there are over 10,000 orphans. If we did the same thing in Perm and Ukraine our costs would exceed \$25,000. I had to tell him no because we just didn't have the funds.

I told him that we visit these orphanages and we take a lot of supplies including hats, gloves, toys, underwear and so much more and that with each visit he needs to make it a time

of Christmas for the kids. I think of the ones we do work with and I realize there will be hundreds of thousands of kids who have no Christmas at all.

Currently Russia has more children in orphanages than any other nation in the world.

N H O M works in only two regions and we visit a few

of the others. There are over 40 regions in Russia where no one visits the orphans. We are expanding as God allows but the need is overwhelming. When our teams visit these orphanages the kids swarm us with love. Hugs and kisses are welcomed by both us and them.

We simply ask that you continue to pray for us. Your prayers are touching the heart of God. We started with one orphanage in Russia back in 1994, now we are working with over 150 orphanages in three countries. We help where we can and always tell them about our Lord. But it is you who send us with your prayers and support.

Here are just a few of the orphans we visited in December. One of the saddest children I have ever met was the young girl immediately to your left. She was crying throughout our program and the heartache she was experiencing because of the loss of her parents was heart wrenching.

Our team members immediately gathered around her and did their best to comfort her. She finally opened to one of our people and follow-up will be done.

The picture directly above was taken in a children's prison as our team was able to lead these young criminals in the sinners prayer. They were so glad we came. We don't know what their crimes were but sufficient to say they were once lost but now they are found. We praise God for the opportunities He sets before us.

God has given me some of the finest people to work with. I am so proud of my teams as I watch their commitments to minister to these who are so helpless. From the elderly, orphans, bedridden, those in prison and the sick and diseased they are willing to go and minister the Word of God to them. They travel hun-
