Evelyn's Shane's Dream

The two pictures directly above are of a young lady I dreamed about last year while I was going through a very down time in my own life. I was having serious problems with two different blood disorders and on top of that I was diagnosed with lupus. My energy level was non-existent and I just seemed to have the "Blahs" all the time. I even had the "Poor Me's" really bad because a trip to visit orphan's in Russia was coming up and I wanted to go but felt I would be a burden to the team because I just had no energy. God knows my heart and how I love these precious children He has allowed us to work with.

One night, while going through all of this, I had a dream. I dreamed we were in a huge auditorium surrounded by hundreds of orphans. One by one the children came and shook our hands as they were leaving. I noticed how empty their eyes looked. Each one was smiling but their seemed to be no life in them. When at last the last young lady walked by. She looked like she liked to joke around and so do I. I said, "What is your name?" She said in a joking manor, "My name is nobody." I said, "No really, what is your name?" Again she responded, "Oh, my name is nobody." Finally I said with authority, "What is your name?" She responded by saying, "My name is NOBODY."

I immediately woke up from my dream crying. I shared my dream with my husband and I realized this is exactly how these children feel about themselves. They think of themselves as "Nobody's". They are told that by their own societies. They are treated as secondary citizens and no one visits them. They are institutionalized and forgotten.

Later after I told my friend about my dream she gave me this scripture verse from Romans 9:25 and 26 from the "Message which says:

I'll call nobodies and make them somebodies,

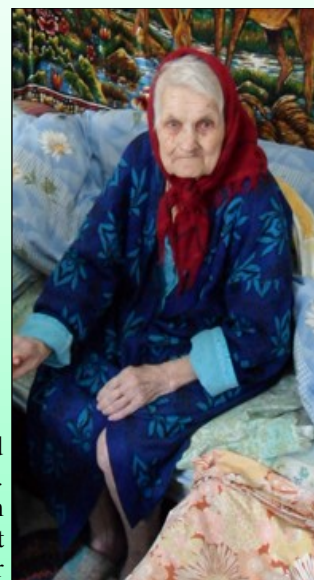

I'll call the unloved and make them beloved,

In the place where they yelled out, "You're nobody!"

They're calling you "God's living children.

I went to Russia on the very next trip and shared my dream in churches and with our teams and told them the importance of reminding these precious folks that they are "Sombodies" in the eyes of the Lord.

When my husband came back from his trip to Ukraine and Russia in May he showed me his pictures of the trip. To my surprise I saw the very girl pictured above and knew immediately she was the one I saw in my dream. She also gave her heart to the Lord as my husband presented the Gospel to the "Nobody's" who are now "Somebody's" in the Lord. Without your prayers and support this might never have happened.

The Elderly

As we visit the elderly I am always amazed at how mistreated they are. These are folks in Russia and Ukraine who had dedicated their lives to the communist idealism and had been promised so much and now are at the end of their lives and have nothing, not even decent living facilities or nursing care.

We visit each room of these precious souls. We hold them, hug them, pray with them and clean them when necessary. They cry in our arms and tell us stories that bring tears to our eyes. The joy that fills their hearts by our visits overwhelm us and them.

Almost all of them have been deserted by family, friends and country. Those who are bedridden are the most pathetic because they soil themselves and because of understaffing or simply lack of concern it may take hours before someone cleans them.

God love them and therefore we must love them as well. They are His creation and our neighbors and we must love our neighbor as we love ourselves. Won't you help us continue to reach these that are so desperate?

Here I am just hanging out with some of my favorite people in Russia.

"Who Is My Neighbor?"

Someone once said; not everyone is called to adopt a child or even be a foster-parent but everyone is called to visit the fatherless. The few kids you see on this page are truly fatherless and even though you may not go personally you are praying for us and supporting the work we do through your giving. NHOM International is visiting tens of thousands of fatherless and widows each year. We invest into their lives with the love of God.

You help send us and to that each one of these kids and thousands more would say **THANKYOU** for your help.

**Natasha & Olga Perm,
Russia**

Perm, Russia

As summer rapidly approaches our team in Perm are making arrangements to work with the orphans in their summer camps.

In order for the directors and staff at the orphanages to have some vacation time the kids are usually placed in huge summer camps where a number of orphan kids are usually placed for the summer. These are not necessarily fun places for the kids but it does give us opportunity to do programs for the children. Our staff and volunteers go, sometimes for days, and work with these kids. Teaching them fundamentals and principals of living a blessed life. Natasha, Olga and the many volunteers that work with them bring great joy into the hearts and lives of thousands of orphans and elderly folks. They are faithful in their duties as Christians.

**Igor & Olga Ekaterinberg,
Russia**

Ekaterinberg, Russia

Igor and Olga team up to keep the orphans and elderly actively growing in the faith. They have designed programs that reach thousands of widows and orphans. This summer as they develop a fall program they will be showing the "Jesus" video in many of the areas where orphans congregate.

They have a number of talented volunteers who work like clock work putting the program together and helping one another. While Igor does the driving Olga provides snacks and tea for the traveling group. We are so blessed as we watch the dedication of these special team members ministering to so many desperate lives for the Kingdom.

**Saratha
Jaffna,
Sri Lanka**

Sri Lanka

Our newest NHOM worker she truly has a monumental task set before her. Working in the war ravaged area of Jaffna and Wanni she is establishing afresh the work with widows we began some 10 years ago. In her regions there were over 80,000 people killed by the war in 2009. We have a number of needs in this area (look at special needs on page 4) and we simply need your help to accomplish what needs to get done.

Saratha is accustomed to hardships as she and her family survived some of the most difficult of times during the war. Pray for her as she is truly energetic and wants to help those who cannot help themselves.

**Victoria
Odessa,
Ukraine**

Odessa, Ukraine

Viktoria is a very special woman. She is such a blessing to NHOM. Widowed herself she has such a heart for orphans, widows and the elderly. She is one of the best organizers I have ever met. She regularly takes Pastors and elders with her to the orphanages. She has put together a volunteer group that is second to none. The programs the teams put together for the elderly homes and orphanages are second to none. She is a great prayer warrior and has great plans to minister to the orphans in camps throughout the summer.

**Gladys &
Philip
India**

India

Working full-time in the "Angels of Hope" orphanage Philip and Gladys have been so diligent in ministering to the 20 plus children under their care. Feeding, clothing, educating and loving is all part of the daily affairs in this special place. They see victories in small gradual steps as these children who have experienced horrors in their lives are now cared for and loved and to see love in action truly it can be seen here in this orphanage.

**Molaku
Ethiopia**

Ethiopia

Christianity Today said in a recent article; "Ethiopia and Uganda are the only countries surveyed in Africa where more Christians than Muslims practice female genital mutilation." That is why our orphanage is a safe haven for our girls. NHOM has begun a work to help these helpless abused girls. Our plans are to help as many as we can as God provides. Thank you for your support.

NHOM Prayer Requests

1. Pray for the safety of our workers in Sri Lanka. The civil war has ended but the devastation and terrorist activities continue.
2. Pray that God would grant traveling mercies for all of our teams as they encounter some of the vilest road and trail conditions.
3. Pray for the safety of our teams and volunteers because they are truly on the front lines of enemy territory.
4. Pray that the needs of NHOM's orphanages in India and Ethiopia would be met.
5. Pray for the financial needs of NHOM.
6. Pray for John and Evelyn that God would continue to use them in powerful ways.
7. Pray for the team leaders that God would grant them great grace and wisdom as they do what God has called them to do.
8. Pray for open doors in all the countries we are involved in.
9. Pray for our nation that we would return to the Lord with great repentance.
10. Pray that the funds for the widow center in Sri Lanka would come in.
11. Pray for NHOM's Board of Directors.

This is my personal invitation to you to join with us for a wonderful night of fellowship, singing, testimonies and a powerful presentation of God's Word by Dr. John Shane. You will leave encouraged and blessed by what you experience.

"We Become All Things"

1 Cor 9:22 To the weak I became weak, to win the weak. I have become all things to all men so that by all possible means I might save some. NIV

When working with the people we work with we must always be aware of their needs. Someone once said our methods must always be changing but our message must never change. This is how we do things at NHOM. Our methods are always changing and we try our best to minister to the needs of the Churches, Orphanages, Elderly Homes and Children and Adult Handicapped Orphanages and Homes.

We use everything at our disposal to present the love of God. We use musicians, music, puppets, clowns, stories, tracts, the Bible, videos, audio CD's, testimonies, props of all kinds and whatever else we can creatively come up with. We exchange ideas with our teams and find out what is effective and what isn't and we set aside the things that are not effective and we work within our budget.

In many of the villages and cities where orphanages are there are no churches, so we become the church. We have established Sunday Schools in some of these areas so that the people from the outside can come and hear the Gospel being taught.

We have many needs as you can see by the chart to the right but we make do with what we have. We are not beggars and we know that God will supply for these widows and orphans, but how does He provide? I am glad you asked. He provides through people just like you and I. He provides funds, prayers and support through the likes of you and I.

Clowns
We are
blessed to
have the

hardest working clowns is all of Russia. They never tire (at least not that you would see) and they are continually blessing young and old alike.

Travel With Us!

We would love to have you join us on one of our life changing missions trips. To find out more information on trips to Russia, Ukraine, Sri Lanka, Ethiopia or India contact us at 253-875-3202 or e-mail us at nhomjohnny@gmail.com Each trip is unique and involves many ministry opportunities.

Handicapped Orphanages

It is one of our great privileges to be able to minister to the children and adults that have special needs. The adults to the left are part of a group of over 100 that are in a group home out in the middle of nowhere. The only visitors they have had in the last 4 years are our team from Perm. Families nor friends come to this place. For many this is the end and other than the staff of this place no one really cares. However, we care because God cares. None of these folks are a mistake. God knew them before they were born. They are our (yours and mine) neighbors and we must love them as God commands.

This orphan girl had casts on both legs and was carried into our meeting by the orphanage staff, yet when it was time to say the "The Sinner's Prayer" she asked her friends to help her stand up to pray along with her friends and the staff at the orphanage.
