God Is Still In The Restoration Business

In the Perm Region of Russia I had the distinct privilege of being the first American to adopt a child from that area back in 1994. I have also been affiliated with a number of other people that have adopted children since that time. Because of that initial adoption it opened doors for many others to follow and adopt children of their own.

One of the women traveling with us on this trip was a young 18 year old. She was adopted by American parents 10 years ago. Angelika had come back to see what she remembered and to see if she could possibly make contact with her birth family. She knew her birth dad had died and felt sure that her mom may have passed away as well.

Angelika spent 4 years in an orphanage in the city of Osa, Russia after her and her 2 brothers were made wards of the state. We took her back to visit her orphanage only to discover that half of it had burned to the ground and the other half had been turned into an apartment complex.

On May 9, we traveled to Angelika's village where she was born several hours from the orphanage. At the very first stop in this village we found a woman named Ludmilla who not only knew about the family but told us her mother was still alive. We explained our situation and asked if she could show us where she lived and she said yes.

Angelika was 4 years old when she was taken to the orphanage and her only remembrances were of physical abuse and alcohol. Her mom was an alcoholic and all parental rights had been taken from her

by the courts. When we arrived at the door of the birth mom she immediately recognized Angelika and was elated to see her.

They all cried and hugged as great remorse came over the mom. We all went inside and talked for some time and I could tell Angelika wanted to tell her mom and family about the Lord but just couldn't find the words. I asked her if she wanted me to talk to her family about God and she was relieved and said yes.

I told them how God had touched the life of Angelika and gave them a simple plan of salvation and all 3 became believers. Repentance came down in the house and again the tears and hugs flowed freely.

Though the mother had not seen the children in 14 years she remembered their birthdays each year. Angelika shared that her older brother had been killed in a car wreck in America and more tears followed.

While I was talking to the family inside our team was talking to Ludmilla outside and they also led her to the Lord. Angelika spent some time with her mom before we left. She took hold of her mom before leaving and told her this; "Mom I want you to know how much you hurt me and my brothers when I was little, but know this, I completely forgive you and I love you." Angelika, a young Christian girl that fully blossomed into a beautiful Christian woman.

On May 14, while visiting an orphanage in the city of Asbest we received a phone call from Ludmilla. It seems that Raisa (Angelika's birth mom) had walked to her village to pick up her welfare check. While in the village she told everyone about her daughter that had come from America to visit with her. She was so proud of this fact.

On the way home from the village God took Raisa home to be with Him as her physical body died of a heart attack. I shared this with Angelika and we cried together.

Romans 5:10 & 11 NLT

For since our friendship with God was restored by the death of his Son while we were still his enemies, we will certainly be saved through the life of his Son. 11. So now we can rejoice in our wonderful new relationship with God because our Lord Jesus Christ has made us friends of God.

Raisa is now restored to the Lord!

People Page
There is so much I want you to see in the photos that are presented in our newsletters. There is so much I cannot share publicly but understand everyone of the children and adults you see in each of our newsletters is truly a person in great need. We at NHOM try our best to minister to the needs of the fatherless and widows as best we can, but we can't do it alone. We need you standing with us, praying for us and if you can supporting the work we do. Our teams visit thousands of children and elderly every year, we simply can't do it alone. Pray about your involvement.

I wish I had room I could show you tens of thousands of orphan's, widows and elderly that are as beautiful as each of these pictured before you. Every trip our heart ache's for these who are forgotten by society. Many are placed in far away places so that visitation becomes very difficult. But God has not forgotten them. He knows them by name. He knows everything about their circumstance in life. He knows you!

"Go to the uttermost parts of the earth" we are told in scripture. In some instances, in areas we travel, we believe we may have seen the uttermost. Our travel is to far off places where no Gospel message has been given and no Pastor's or churches are available. Sometimes we are in extreme danger but God has souls for us to reach with His love. Come with us and experience for yourself the joy that is expressed on the faces of those above.

**Natasha & Ilgiz Perm,
Russia**

Perm Russia
Our Olga, who got married in 2010, is now expecting her first child. She has resigned from NHOM to take care of family matters and she will be missed. We are very fortunate to have another young man who will work full-time with Natasha. Ilgiz comes to us from Kirgizstan a small country that borders Pakistan and Afghanistan. Ilgiz can speak 5 languages, plays the guitar and thoroughly enjoys working with the fatherless and widows. We feel very confident in his abilities to share the Word and minister to those who are in such need.

While visiting in Perm with our team we were able to visit 3 churches, 3 children's shelters, 1 children's tuberculosis hospital, 3 rehabilitation centers and 1 children's prison. We ministered to hundreds of kids and adults. This is normal routine for our teams but for us Americans it was a blessing to be part of such a dynamic time of outreach. To your right is a picture of Olga and the baby.

**Igor & Olga Ekaterinberg,
Russia**

Ekaterinberg, Russia
One of the great things about traveling with Igor and Olga is that Olga serves us lunch. Each night she goes home and makes soup or some other item to feed the hungry workers visiting the orphanage. Volunteers are no problem for this team. We were so blessed as we visited 1 church, 2 elderly homes and 7 orphanages while in Ekaterinberg. Igor and Olga developed a new skit in which Igor portrayed Christ (see picture on right). He did such a good job and young and old alike felt as if they truly were in the presence of our Savior. Each team develops their own material and shares it as they interact with each other.

**Saratha
Jaffna,
Sri Lanka**

Jaffna, Sri Lanka
Please be in prayer as our dear friend Pastor Jason has been in a serious crash. He has a broken leg and arm and has had to undergo surgery for repairs. His daughter was riding with him but fortunately she was not injured. Though the war is over and Jaffna was isolated from the rest of the world, it has now become a major tourist spot. Jaffna now has become the cradle for sexual violence, teen age pregnancy and abuses. The ruling party (Buddhists) still keeps the Tamils under the hands of bondage. It may appear that Tamils are now living in freedom, but only God knows that the Tamils are still in great danger. Pray for our nation. The need to help widows is greater than ever before.

Many of our widows are in hopeless situations and need help and training to advance their position in life.

**Viktoria
Odessa,
Ukraine**

Odessa, Ukraine
I hurt my back and could not go to Ukraine this year so Viktoria came to us. Her Pastor paid for her visit to several Ukrainian churches in Sacramento, CA and we paid for the rest of the trip to come to visit our fair state of WA. It was an absolute pleasure having her here. Although I could not travel and show her the sights because I had just had surgery, others were more that happy to show her around. Her team in Odessa continues to visit the elderly and orphans and her church is very much supportive of the work we do there. Again this summer the Church in Odessa will sponsor a huge camp for the fatherless kids in their region.

**Dalarah
Ekaterinburg**

Widows Ministry, Ekaterinburg
We welcome our newest edition to our NHOM team. Dalarah is a young widow with children still at home. She has a heart to minister to the needs of widows in her church and community of Ekaterinburg. I have known Dalarah for 3 years and I am impressed by her diligence in serving those with such needs. She has formed bible studies, meetings, and watches over the widows in her church. She is diligent in her church attendance and consistently reminds everyone about the needs of the widows and the responsibility of the church to be active in ministering to those needs. Welcome Delarah.

**Melaku
Ethiopia**

Bahar Dar, Ethiopia
I have kept Pastor Melaku busy for some time. We are in the process of building an orphanage in Bahar Dar and daily he is meeting with planning committees, the mayor's office, the children of our orphanage and maintaining their physical and spiritual development. Money has been donated for a well, and for a building. Property was given to us by the village mayor and now we are waiting for final word that says we can go on with the project of building. Our NGO (non-government organization) status is now in the hands of the Secretary of State of the USA and the Ethiopian Embassy. We are praying for God to expedite these matters as orphans are waiting for help.

NHOM Prayer Requests

1. Pray for the safety of our workers in Sri Lanka. The civil war has ended but the devastation and terrorist activities continue.
2. Pray that God would grant traveling mercies for all of our teams as they encounter some of the vilest road and trail conditions. Pray for the safety of our teams and volunteers because they are truly on the front lines of enemy territory.
4. Pray that the needs of NHOM's orphanage Ethiopia would be met.
5. Pray for the financial needs of NHOM.
6. Pray for NHOM's Board of Directors.
7. Pray for NHOM's team leaders that God would grant them great grace and wisdom to continue there ministry.
8. Pray for open doors in all the countries we are involved with.
9. Pray for our nation that we would return to the Lord with a great repentance.
10. Pray that funds for newer vans and for the Sri Lanka widows center .
11. Pray for John and Evelyn that God would continue to give them strength for the task at hand.

Team Members

Pictured on this page are just a few of our team members in Action. This by no means represents all who are involved in the work NHOM does but it reflects some of the hope our representatives project to the people God has entrusted us to.

We have workers in Ukraine, the jungles of Sri Lanka. Teachers who teach God's Word in spite of great danger all whose pictures are not represented here.

Take a moment and insert your picture in this group because truthfully we could not do it without you.

Travel With Us!

We would love to have you join us on one of our life changing missions trips. To find out more information on trips to Russia, Ukraine, Sri Lanka or Ethiopia contact us at 253-875-3202 or e-mail us at nhomjohnny@gmail.com Each trip is unique and involves many ministry opportunities.

Valley Christian Center Lewiston, ID

I want to thank Pastor Mike Richardson and all the people at this very special church. From the very beginning we have seen the work that has begun in Ethiopia directed by the Lord. A special family provided money for a well on the property we didn't even have at the time for our orphanage. The Ethiopian government deeding us a piece of property and now Valley Christian Center has come along side and donated money for the building of our orphanage. It will house up to 40 children that otherwise would be involved in sex trade for children. Thank you folks for catching the vision with us.

Back Relief

I want to thank all of you who have been praying for my back injury. I had surgery in early April and was on my way to Russia in early May. I am being healed daily and certainly much less pain than before the surgery. Thank You God!
