Ethiopia

I looked at the caged lion in a zoo in Addis Ababa and thought to myself that this is just what Ethiopia is at the moment, a caged lion. It is just waiting to be released to be free from the burdens of its cage.

Ethiopia is just that way and is experiencing some of the greatest potential for a mighty move of God than any other country I work in. There is such a hunger for a mighty move of God's Holy Spirit.

I spoke in churches that were packed with hungry souls. I spoke on university campuses where the crowds were so big many had to stand outside the building to catch the spoken word. Where altars were full of hungry souls wanting more of God. Where poverty didn't matter, where religion didn't matter, where carpet or pews didn't matter, where only God mattered. Where God was sought and found. Where the presence of the Holy Spirit meant more than a sports event. Where being lukewarm had no place in His presence. Yes, the Lion of Judah is about to unleash Himself in a nation hungry

NHOM International NGO Status in Ethiopia

NGO (Non-Government Organization) is a very important position overseas. We have made application and are waiting for final approval from the Ethiopian Government to become an NGO in that country. That will allow us the opportunity to build and maintain our "New Hope Children's Village" that will house "at-risk" children and minister to widows in the Bahir Dar region. NHOM has spent considerable amount of time getting everything needed to take this step of faith. We are quite confident that this is the right time to do this in an area where 25% of the population test HIV positive. There are over 5 million orphans in Ethiopia and the need to help is overwhelming. We go there because it is the right thing to do as the commandment of God is to "Love our neighbor as we love ourselves." Won't you help us help them? All donations and gifts are tax deductible.

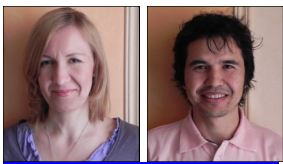

Two mighty men of God. Pastor Melaku who has pioneered many churches and his friend who is working with thousands of university students.

Just a glimpse of some of the people of Ethiopia.. People with the same needs and desires that you and I have. People who are in great need of a Savior just like you and me. Ethiopia's population consists of 70% of the people under the age of 30.

AIDS is a major scourge of the nation. Ethiopia has the world's fifth highest number of people with HIV/AIDS. About 1 million have already died of the disease and another 2 million have HIV. Over 1 million have been orphaned by AIDS related deaths.

This month started with snow and the streets became cold and icy but our heart is hot because of Holy Spirit's fire. Thanks for your praying for our team we can feel it when we are ministering to children. One day at the drug rehab hospital for kids there were some older people who asked us if they could watch and listen to our program and we said ok. We invited the kids and adults to join together for the program. One of the brothers from the church named Slava shared his personal testimony. In the end of our program they said the adults asked, "what we should do?". I realized at that time nothing has changed in 2 thousand years past when people hearts were pierced by Peter's teaching and they asked Peter, "What shall we do" Peter told them to repent and be baptized. We did the same and said repent and receive Jesus Christ into your heart. There were like 20 people with kids. Hallelujah God's word is working. Please continue praying for these adults and kids because most of them are so young and already are using drugs and alcohol. We also visited the shelter Raduga and showed our program many of them repented of their sin. We spent time praying for each of them most of them requested prayer to have good life and good family. We visited another shelter Doverie and there we showed the film about Jesus and most of them took Jesus as their Lord.

In December we visited a elderly house in the village Shelkun. There were 42 people who attended. Residents of this Schelkuns home are the sick and elderly people who are always waiting for our arrival. Our meetings bring hope and it reminds them that someone loves them. Our great desire is that they learn to love and trust the Lord. All of this is our goal!

On the same day we also visited an orphanage in the village Chernousovo. In this children's home are "difficult children", with various psychiatric problems. There was a time when children could not sit still for long, they hurt each other. Now we see the results of the work of God and our prayers. Children coming to our program, plunge into the atmosphere of God's love and change in appearance dramatically. We are in

awe of what our awesome God is doing in their lives.

Jaffna, Sri Lanka

**Saratha
Jaffna,
Sri Lanka**

Almost 2 years have passed since the war ended. However, the lives of Tamil people are in the same critical condition as earlier periods. The civil war has caused a great turmoil within the lives of people making it difficult to recover from their past disasters. Families who have been rehabilitated are still under poverty finding it difficult for them to earn wages as their bread winners have either been killed or handicapped by bombings, shelling and gun fire. In such families the duty to care for the families are on the hands of widows. Jaffna, which was isolated from other parts of Sri Lanka, has now become a major tourist spot. Jaffna has become the cradle for sexual violence, teen age pregnancy and abuses. Tamil people can be arrested without any valid reason. So for the international authorities and for all nations, it may appear that the Tamils are now living in freedom, but only God knows that the Tamils are still in great danger. Please pray for our nation. God bless.

By God's mercy, the doors of nursing homes are open to the gospel of God's Word. With the help of our volunteers who were called to walk into a room, where they sang songs that tell about Christ, and was told a message on "Forgiveness", after which everyone said a prayer of repentance. Not only elderly people heard the sermon, but also staff, whose eyes were filled with tears of repentance. Yes, the Lord is doing his work and in their hearts. Next, the team went through the wards, talking to immobile patients, praying for them and treating them with special gifts. What I saw in the nursing home, once again confirmed that the harvest is great, and the needs are plentiful, because there are many spiritually sick people who need to be saved and only Christ that can help. Thank you Jesus for sending us to them.

Widows Ministry, Ekaterinburg

**Dalarah
Ekaterinburg**

Hello to all! I am Delarah and live in Ekaterinberg, Russia. I am a widow and have 2 small children. I understand the plight of the widows in my part of the country. Many times, even in the church, we have been forgotten or even shunned because people just don't know how to respond to us. We believe that God has not forgotten

our cause and that He will help us to rise up and have a voice, not just in the church, but in our community and nation as well. I minister to several widows in our church and it is exciting to see them realize that they have a life even after the death of a loved one. We try to inspire, encourage, and in some cases we help them with physical needs. More than anything we want them to know they are loved by God and that He has a special place in His heart for the widows and orphans.

Bahir Dar, Ethiopia

**Melaku

I just want to thank all of you who have made it so special for our orphans at New Hope Children's Village. The kids eagerly await you to visit with them personally. They thank all who were involved for the new clothes and gifts they received from America. They are now learning how to use the computers that were brought to them. They are being tutored in there classes and have made great progress in their grades in school. Pray with us as we wait for our new facility to become a reality. We are grateful to all who are involved in NHOM International for giving the opportunity for some of our orphans to succeed in a world they would otherwise just have been another statistic. NHOM International Thank you for coming to my country.

NHOM Prayer Requests

1. Pray for the safety of our workers in Sri Lanka. The civil war has ended but the devastation and terrorist activities continue.
2. Pray that God would grant traveling mercies for all of our teams as they encounter some of the vilest road and trail conditions. Pray for the safety of our teams and volunteers because they are truly on the front lines of enemy territory.
4. Pray that the needs of NHOM's orphanage Ethiopia would be met.
5. Pray for the financial needs of NHOM.
6. Pray for NHOM's Board of Directors.
7. Pray for NHOM's team leaders that God would grant them great grace and wisdom to continue there ministry.
8. Pray for open doors in all the countries we are involved with.
9. Pray for our nation that we would return to the Lord with a great repentance.
10. Pray that funds for newer vans and for the Sri Lanka widows center.
11. Pray for John and Evelyn that God would continue to give them strength for the task at hand.

Rags to Riches

One thing that radiates throughout Ethiopia is the extreme poverty and absolute hopelessness of so many people. According to some statistics Ethiopia is the second poorest nation in our world today. Everywhere you go you

see the blind, crippled, handicapped of all shapes and sizes, the sick, disabled and diseased, the homeless and needy. You see the children, moms, dads, widows, people just sitting on the streets and living on the streets and all begging for a few coins so they may survive for another day. I tell people it is a poverty you can feel. Pictured here are some people who have simply given up on life. I didn't have to hunt to find pictures like these anyone who has a camera can walk the streets of Ethiopia and see

first hand the poorest of the poor. They have picked a spot, called it home, and exist from day to day on sidewalks, curbs, intersections or stairways. We at NHOM International realize it has taken centuries for a country to get into such a condition and there are no quick fixes for change but we can help some. We can take some of these folks who have been so hopeless and give them a hope eternal. We can feed and clothe some, we can educate and care for some. We can help some. We as believers cannot sit idly by and do nothing. **Will you help us help some?**
