2014 Perm, Russia

These photos are all from the Perm Region where we have so many orphans and elderly located. Thousands of orphans and untold

amount of elderly most of whom have never heard a Gospel presentation.

While in Perm I visited several orphanages, adult rehab center, children's rehab center, elderly home, churches and a Children's tuberculosis center. At every place there were hungry souls waiting to be fed the Bread of Life. You can see by the pictures many were waiting in anticipation for some good news. Our teams presented their great programs and shared the message of hope everywhere we went. I am so privileged to be able to work

with such a wonderful group of people. We were able to teach adults and young people how to love God, their neighbors and themselves. There were powerful times of ministry and we were all blessed. Hundreds met the Savior and hundreds more rededicated their lives to the Lord.

Ekaterinberg, Russia

What a great visit to Russia and to see our teams doing so well. I was even given a surprise birthday party by our volunteers and it was absolutely delightful.

I preached more than 20 times in Russia and we saw many saved and thousands of rededications and healings as the Lord moved mightily amongst us.

I visited a total of 20 plus orphanages, 3 drug rehabilitation centers and a juvenile prison. Physical and Spiritual healings were the norm. In every church there were folks who thanked me for the ministry of NHOM International and so many thanking us for making them aware of the plight of the orphans. In each church I also met with parents who have adopted children from the orphanages because of our active ministry.

The two pictures in the upper left are of the many volunteers that surprised me with a birthday party. The other photo's are just a few of the many thousands of orphans and orphanages we visited in this area. We are so blessed to have such great support from our teams, volunteers, and the local church in Ekaterinberg.

Photo lower left is one of the last services to be held in the old "New Life" church building. I preached and hundreds came to the altar for salvation, healings, forgiveness and more of a hunger for God.
Photo on lower right is of the actual Winter Olympia Torch used in the Sochi, Russia Olympics. It was on loan to NHOM to be used to carry to the orphanages not only the torch and spirit of the Olympics but also the Hope and Spirit of God to the children and staff of those orphanages.

Rev. Gizie
Bahir Dar, Ethiopia

Bahir Dar, Ethiopia Report

Rev. Gizie tells me that we are progressing quite well on our NHOM Children's Village in Tis Abay. The water well is nearly completed and almost usable, not only for the orphans, but for those many families that live close by. He also told me that our initial phase of our building project will get started very soon. Since our last newsletter we have picked up 15 additional children which brings us to a total of 25 now in NHOM's care. This means additional costs of beds, bedding, clothes, food, two additional staff members and whatever else it takes to take care of 15 additional children.

We are growing in numbers and responsibilities as we encounter the needs of the special group of people we work with.

We have to be careful that we select the right staff and personnel to minister to the needs and cares of these needy children. We invite you to visit us and see for yourselves what is going on at New Hope Children's Village. Just to fill you in on some of the needs. We need a fence built around our compound. We need a number of bunk beds for more children. We need a study hall and recreation room for the students and faculty. We need a van for transportation. We need a small clinic and first aid supply facility. We need people who will sponsor a child for \$35 per month. If you can help in any of these areas we would so greatly appreciate your assistance. Our task is a giant one and the need is sometimes very overwhelming but we know who can meet all our needs and we are trusting Him, for the battle is not ours but His.

Our new well being dug for the work at NHOM.

Widow's Ministry Ekaterinberg, Russia

We are excited about our new church building right in the center of Ekaterinberg. It will help facilitate some of the needs for the elderly and widows we already work with and those that will come in the future.

I have been busy visiting and caring for those widows in our church who have no one to care for them. I also help with the orphans and Igor as I go to orphanages on occasion. How blessed we are to be a part of the very heart of God when He tells us to visit the fatherless and widows in their affliction and to keep ourselves unspotted from the world.

Widow's Ministry Jaffna, Sri Lanka

Here everything is going smoothly. We had a mini crusade and God moved miraculously. Many committed their lives to Jesus. Last week we conducted a house meeting in that area and 12 of the newly committed new believers came to that meeting.

Many of our widows also participated in our crusades. They trust God and somehow are doing well in their family life. They really appreciate your help and pray to God too. One of our widows Mrs. Sivakamasundary is suffering from back pain and Mrs. Rasathy is suffering from an eye-problem. Please pray for their quick recovery. Our widows are totally dependent on God for their every need so please pray for them and with \$35 per month through NHOM International you can help meet the needs of the widow and her family

In our country, again there are some political problems are arising. Some of the Tamils (mostly Hindu's) were arrested by the military (mostly Buddhist). Please pray that the Lord should protect our country and must guide our leaders to rule the country in Justice through the Power of the Holy Spirit.

Please uphold our ministry in your prayers. In our church we need a vehicle to transport sound systems and generator to rural areas. That will help in our mini crusades. Because we are now targeting very remote villages. In some villages there is no electricity at all. Pray that God should provide money to buy a vehicle for the sake of ministry. In Kandy we have not had any news to report because of a recent Pastoral change. We are in the process of re-establishing communications with this vital church in the heart of Buddhist country. It always takes time to adjust to the new Pastor and his vision for his area of ministry.

***Viktoria
Odessa, Ukraine***

Odessa, Ukraine

In spite of all the problems between Russia and Ukraine our team is relentless in teaching the orphans and elderly about the only one who can solve all the issues that face us all and that is the Lord Jesus Christ.

They continue to visit orphanages and elderly homes and ministering to the needs of the people. Volunteers help in this very vital ministry. Providing hair care, beauty aids to the teenage girls, and instilling integrity and Godliness into the boys and young men.

Viktoria sets up, and has to limit, the number of people who can travel with her as she has ministered to thousands of children and

young people on a regular basis. Her skills in planning and ministering are second

to none. As you look at the intensity of the children in the above picture they are anxious to hear the testimonies and stories of a Savior not known to them before. We use every means at our disposal to share the love of God throughout the region of Odessa.

NHOM International is directly involved in seeing thousands of souls come to Jesus each year for more than 16 years of ministry.
